Experienced and detail-oriented programmer with a proven track record of 4 years in designing, implementing, and maintaining software solutions. Proficient in front-end development using Angular framework, javascript, responsive layout, debugging using developer tools, and adept at collaborating with cross-functional teams to deliver high-quality products on time. Demonstrated success in optimizing code, implementing new features, or solving complex technical challenges. Seeking a challenging programming role where I can leverage my expertise to contribute to innovative projects, foster team collaboration, and drive the success of a forward-thinking organization.

Work experience

Web Developer   Apr 2019 - May 2021
HL Infin8 Solutions Corp., Mandaue City

- Develop, test, and deploy robust and scalable web applications using PHP.
- Strong problem-solving skills and attention to detail.
- Experience with front-end technologies such as HTML5, CSS3, and JavaScript.

Front-end Developer   Jun 2023 - Present
Got The Expert Inc., Cebu City

- Develop and maintain high-quality, responsive web applications using Angular.
- Collaborate with back-end developers to integrate user-facing elements with server-side logic.
- Troubleshoot and debug issues, and conduct code reviews to maintain code quality and standards.
- Optimize application performance and ensure a seamless user experience.

Education and Qualifications

Bachelor of Science in Information Technology (BSIT)   Jun 2015 - Mar 2019
Golden Success College, Cebu City

The BSIT program at Golden Success College equipped me with a solid understanding of information technology concepts, hands-on experience in various IT domains, and the ability to apply theoretical knowledge to practical situations. The education received has prepared me for the dynamic and evolving challenges in the field of information technology.
